Tug of war is a sport that involves two teams pulling on opposite ends of a rope in an attempt to bring the other team across a center line. A tug of war event can be organized as part of a larger sports competition, such as a school or community event, or as a standalone event.

We had an amazing sports event in Padre Conceicao college of engineering!!! As we bid farewell to this event, we remembered the values it has taught us. The power of determination, teamwork, and fair play. The joy of celebrating victories, but also the grace to accept defeat. These lessons extend far beyond the confines of the sporting arena and serve as a reminder of what we can achieve when we strive together.

Together, we have created memories that will last a lifetime. May the spirit of sports continue to inspire us all.
